Trance and possession in Bali a window on western multiple personality disorder and suicide pdf

This is a biography of the deities that the folk of Bali worship. Each deity is a picture of a living person, and a portrait of a dead person. The plot of the story is divided into three parts: the story of the deities, the story of the living person, and the story of the dead person. The three parts are interwoven, and the reader is left to draw their own conclusions about the nature of the deities.

Spirit possession - Wikipedia

Spirit possession is a practice in which a person is possessed by a spirit or deity. The practice may involve the consumption of hallucinogenic substances, participation in cults or religious rituals, or the use of seances and other means of contacting the spirit or deity. The practice is often linked to shamanism and other traditional religious practices.

Trance - Wikipedia

Trance is a state of consciousness in which a person is not self-aware and is either alter ego, non-ego, or externalized (i.e., becoming someone else). Trance states may occur in many different settings and situations, including religious ceremonies, healing practices, and magical rituals.
